May 13, 2024

Dear Parents & Guardians,

As the weather continues to get warmer we would like to celebrate with a Kindergarten to Grade 2 music concert, which will take place on May 29th, at the École Carman Elementary School gymnasium. There will be two performances for families and loved ones to attend, with a silver collection at the door. Performance times are in the afternoon at 2:15pm and then in the evening at 6:30pm.

Upon arrival, we ask that the Kindergarten and Grade 2 students who are performing meet their teachers at their classroom, while everyone else can go to the gym. Following the final song, which is for all of the K-2 students, all students will be brought back to their classroom where their families will meet them to pick them up.

Please be mindful that seating space is limited, so if possible we ask that parents/guardians/grandparents attend only one of the concert times.

Thank you for your cooperation and support!
